MTIME2-X

Ver. 2 Rel. 7/12/2019

ACCESSORIES

TIME and DATE MODULE

This unit is based in conjunction with all C.E. Electronics scrolling message centers. The date and time can be integrated into messages or displayed continuously on the screen.

This unit can also be used in conjunction with the C.E. Elite and scrolling message position indicators

The unit can be formatted to the most popular U.S. and European styles of displaying the date and time. A battery backup will maintain the settings during power failures.

Daylight savings time adjustments can be AUTOMATIC or manual. Current U.S. and EU standards are integrated into the unit.

Features

- Automatic daylight savings time adjustments
- Date and time in U.S. or European formats
- Adjustable time zone
- Includes setup software, Windows compatible
